Social : [LinkedIn](#) [GitHub](#) [Leetcode](#)

CGPA : 8.18

**CAREER OBJECTIVE**

To secure a challenging position in a reputable organization where I can utilize my technical skills, creativity, and analytical abilities to contribute to the success of the company. I aim to continuously enhance my knowledge, gain valuable professional experience, and grow both personally and professionally while delivering high-quality results.

ACADEMIC DETAILS

COURSE	INSTITUTE / COLLEGE	BOARD / UNIVERSITY	SCORE	YEAR
CLASS XII	Tirumala Junior college	Andhra Pradesh Board of Intermediate Education(BIEAP)	95.6 %	2021
CLASS X	Tirumala School	Andhra Pradesh Board of Secondary Education (BSEAP)	100 %	2020

Subjects / Electives

Data Structures and Algorithms, Web Technologies, Database Management Systems, Artificial Intelligence, Software Engineering, Operating Systems, Computer Networks

Technical Proficiency

Python, MySQL, HTML, Machine Learning, Data Analytics, MS Excel, DBMS,Power BI(Basics)

INTERNSHIPS**Python Development intern –[Cognifyz Technologies](#)****Jun 2025 – July 2025**

Completed a Python Development internship at Cognifyz Technologies, where I worked on programming tasks and real-world development projects. Applied Python concepts such as data structures, functions, and object-oriented programming to solve practical problems. Developed and tested applications while improving coding, debugging, and problem-solving skills.

Python Developer – [The Entrepreneurship Network](#)**Feb 2026 - May 2026**

Completed a Python Development internship where I worked on practical programming assignments and application development tasks. Applied Python concepts, including data structures, functions, and object-oriented programming, to develop efficient solutions. Improved coding, debugging, and problem-solving skills through hands-on project work.

PROJECTS**Restaurant Database Management System****Aug 2025- Sep2025**

Developed a Restaurant Database Management System using MySQL to efficiently manage restaurant operations and customer information. Designed and maintained database tables for menu items, orders, customers, and billing records.

Portable Filter**Sep2024-Nov2024**

Developed a Portable Water Filter designed to provide clean and safe drinking water through a compact and user-friendly filtration system. The project involved selecting suitable filtration materials and designing an efficient filtering mechanism.

Weather App

Developed a Python-based Weather Forecast Application that fetches real-time weather data using the Open Weather Map API and displays temperature, humidity, wind speed, and weather conditions.

Personal-portfolio

Developed a responsive Personal Portfolio website to showcase projects, technical skills, certifications, and contact information with a clean and modern user interface.

Gesture-Volume

Developed a Gesture-Based Volume Control System using Python, OpenCV, MediaPipe, and Pycaw to adjust system volume through real-time hand gesture recognition.

Expense Tracker

Built an expense tracking application to record, categorize, and monitor daily expenses with user-friendly data management. Technologies: Python, SQLite/MySQL, Flask, Pandas.

Student Performance Analysis Dashboard

Developed a dashboard to analyze student performance using data visualization and statistical insights for better academic decision-making..

CERTIFICATIONS

CERTIFICATION	CERTIFYING AUTHORITY
CodeZen	CSI student chapter
Microsoft Office	NICT Computer Education
Web Development	Sololearn
Gen E-summit	Anits(IIC),BizVERVE Club
Internet of things	NPTEL online Certification
Artificial Intelligence	Infosys Springboard

CONFERENCES AND WORKSHOPS

Generative AI & Prompt Engineering Workshop – [Naipunyam](#)

Attended a workshop on Generative AI and Prompt Engineering, focusing on AI tools and effective prompt design techniques. Explored fundamentals of AI-driven content generation, prompt optimization, and real-world AI applications.

Cyber Security and Ethical Hacking –[Cyber Threya](#)

Participated in a workshop on Cyber Security and Ethical Hacking, where I gained knowledge of cybersecurity fundamentals, network security concepts, and threat analysis techniques. The workshop provided exposure to ethical hacking methodologies and vulnerability assessment practices. I learned about various cyber threats, attack prevention strategies, and data protection measures

Raising Capital and Mapping Finance –[BizVERVE](#)

Participated in the BizVerve workshop on Raising Capital and Mapping Finance, gaining insights into funding strategies and financial planning. Learned about capital acquisition, investment opportunities, and effective resource allocation for business growth. Enhanced understanding of financial decision-making and entrepreneurship fundamentals.

C++ & DSA–[smarted](#)

Participated in a 5-day bootcamp on C++ and Data Structures & Algorithms conducted by Skill India and SmartED. Gained hands-on experience in C++ programming, problem-solving techniques, and fundamental data structures and algorithms. Enhanced coding, logical thinking, and analytical skills through practical learning sessions.

LANGUAGES KNOWN

English, Telugu

DECLARATION

I hereby declare that the information furnished above is true and correct to the best of my knowledge and belief.

Place : Visakhapatnam
